BAY ST. LOUIS, MISS., FRIDAY, SEPTEMBER 30, 1932.

FORTY-FIRST YEAR, No. 40

STATE TO VOTE ON FIVE AMENDMENTS TO STATE CONSTITUTION NOV. 8.

Secretary of State Completes Copy of Five Proposed Amendments—To Be Published.

Secretary of State Walker Wood has completed preparations for publishing five proposed amendments to the state constitution which will be submitted to the electorate at the general election November 8.

Proof of the proposed changes were received by Secretary Wood and will now be sent to newspapers in each of the 82 counties within the next two weeks.

The law governing constitutional amendments requires that proposed changes be published twice in a newspaper in each county two weeks prior to the election.

While all five proposed amendments are considered important by state officials, voters have demonstrated but slight interest, due largely, officials believe, to the congressional contests.

Outstanding among the five proposed changes is one to amend section 214 of the state constitution, providing payment of poll taxes for two years preceding an election shall be the only requisite to entitle citizens, otherwise qualified, to vote.

Present provision of the constitution prevent any citizen delinquent in tax payments from balloting. This provision has resulted in hundreds of voters being stricken from the poll books in the last two years, election officials said.

The remaining amendments call for the following changes.

To amend section 115 of the constitution so as to change the beginning of the fiscal year from the first day of October to the first day of July, which would correspond to the federal government's fiscal year.

To amend section 61, so as to provide that appropriation bills shall not continue in force more than two months after the end of the fiscal year next following the regular biennial meeting of the legislature.

To amend section 201, so as to increase the minimum age of children attending free public schools from five to six years.

To amend section 112, so as to provide that the legislature may classify property for taxation.

No organized opposition to any of the proposed changes have developed and officials expressed belief the amendments would be submitted without a fight.

OCT. 16-22 TO BE P.T.A. MISS. WEEK

Hancock County Parent-Teacher Ass'n. To Co-Operate With Hancock County Schools.

October 16-22, 1932, has been designated as Parent-Teacher Week in Mississippi, by proclamation of the Governor, the County Supervisors, and the Mayors of many cities. The object of this week's program is to make Mississippi "School-Conscious and Parent-Teacher Minded."

"Schools must be popularized and parentized before their greatest good can be realized." Today our children are suffering from a lack of understanding and appreciation of what the schools are doing, and why. The school system is benefitted by publicity, and a greater knowledge of its functioning, and by creation of a public sentiment which shall favor good teachers, good school equipment and good facilities. No other organization is as able and efficient in making the schools known to the people as the Parent-Teacher Association, whose aim is "to bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the training of the child."

The Hancock County Parent-Teacher Associations are cooperating with the Hancock County Schools this particular week in urging not only all parents but all citizens of the county and school district to visit the schools and see what fine things the teachers are doing for the children.

NOTICE OF MEETING.

Regular monthly meeting of St. Joseph's Academy P.T.A. will be held on Thursday next week, October 6, at St. Joseph's convent basement, at 3 o'clock afternoon. Members are urged to attend.

MAKING SURVEY IN COUNTY THIS WEEK TO AID UNEMPLOYED

Work and Money to be Furnished by Reconstruction Finance Corporation.

Clerk of the Courts A. G. Favre, had a clerical force of six working bright and early Monday morning at the courthouse receiving applicants for aid from ranks of unemployment under provisions of a proclamation recently issued by Governor Conner of Mississippi whereby the counties of the State may come for relief from approximately three million dollars to be distributed over the state.

The county is to provide work under provisions and ruling of the U. S. Reconstruction Finance Corporation and the money to be paid to those employed in special work to be provided for.

The money, we are authoritatively informed, may even be given out by dole to families for the next three months according to circumstances and how dire and urgent the need.

The work is that of making a survey of Hancock county and since there are five thousand blanks printed for the specific purpose it will be seen that no one will be omitted. However, one must apply in person and at the courthouse daily during business hours.

These questionnaires are being filled in every one of the eighty-two counties of Mississippi, under provisions of Gov. Conner's proclamation. This completed, then the Governor will make application to Washington and in sequence order the relief will be forthcoming.

How will this money be paid back—some one else asks. From the various allotments from federal funds allocated to Mississippi. In other words the amounts will be pinched from various allotments at various times and over a period of years. While the money is a loan from the Reconstruction Finance Corporation it is not to be paid back by the individual beneficiary but from federal funds as above stated.

Some seven hundred applicant blanks were filled in Bay St. Louis Monday. Since then Clerk Favre has been filling one-day orders for the county and hopes to finish the task by Saturday.

BAY HIGH SCHOOL SCHEDULE

Coach Milton Philips Has Good Football Line-up—Average Weight 150 Pounds

(By Benny Hays)

The Bay High football schedule was released by Supt. S. J. Ingram last week. The schedule opened with Holy Cross on September 24, and will include games with eight strong coast teams and one Louisiana high school.

Bay Hi, which was placed in the class A division of the Gulf Coast region last year, will have to defeat Moss Point and Pascagoula in order to get a chance at the title.

With 12 members of last year's squad, and with 12 other candidates fighting late each afternoon for the eleven positions, it is apparent that Bay Hi will flash one of its best teams in years.

Coach Phillips has an experienced backfield of Middleton, Laurent (capt.), Ramond, Loicane, and Wm. Smith, which ought to make plenty of trouble for the opposing team. Lafontaine, Curtis Ladner, and Manieri may be called upon as capable reserve material.

The line averages around one hundred and fifty pounds, and should be plenty able to pave the way for the shifty backfield. It includes seven regulars from last year, Moran, Marquay, Jordy, Beeson, Hollerman, Ladner, and Ansley, with reserves, Bienvenue Bontemps, and as new material, Tony and Joe Scafield, Francis and Leroy Nelson, Hillis, Charnichael, and Leslie Fourton.

Only three players were lost to Bay High by graduation. These were Warren Laroux, speedy end, and Clifton Erwin and Carl Coward as linemen.

The schedule follows: Sept. 29—Pass Christian Hi, home. Oct. 6—Pascagoula Hi, Pascagoula. Oct. 13—Siddell Hi, Siddell. Oct. 20—Moss Point Hi, Moss Point. Oct. 27—Kila Consolidated Hi, Kila. Nov. 3—Lynon Hi, Gulfport. Nov. 10—Pending. Nov. 18—Ocean Springs, pending. Nov. 23—Long Beach, home.

BONTEMPS IS GAME WARDEN

To Head Wardens for South Mississippi—Deputy Sheriff Has Always Served Public

The Mississippi Coast counties are in District Number 50 of the enforcement of the state fish and game law set-up as announced Saturday by Hunter Kimball, director of the state department of conservation, and Joseph V. Bontemps, of Bay St. Louis, and one of Hancock county deputy sheriffs, heads the list of game wardens named to serve in this district. The counties composing Dist. 50 are: Harrison, Hancock, Jackson, Stone, Perry, Green and George. Other game wardens named in addition to Bontemps for service in this district were: W. C. Holliman, Wiggins; Ellie Handy, Ocean Springs; Robert Black, Merrill; Sam Greene, Leakesville and Vincent J. A. Tucci, Biloxi.

District 49 comprising parts of Pearl River, Marion and Lamar will be under the supervision of R. L. Simpson of Poplarville.

In the fifty districts into which the state was divided there was a total of 61 game wardens appointed.

These wardens, it was understood, will be required to devote their entire time to the work of enforcement of the state game and fish laws.

Joseph V. Bontemps of Bay St. Louis, who will head the game wardens for District No. 50, will go to Jackson on September 28, where on the morning of that date, at 10 o'clock, he will meet with the State Game Warden, Hunter Kimball, and a general conference will be held duties and requirements of game wardens, under Mississippi's new law, will be discussed and directed.

Mr. Bontemps has served Hancock county in various official capacity all his life and is both experienced and efficient. He is not only conversant with public work but is thorough and efficient, his task always well done and fully discharged to his very letter. He will serve in his new capacity fully and most capably, assuming his new duties October 1, and resigning from the sheriff's office as deputy.

STANISLAUS COLLEGE ECHOES

The Seniors are rather busy this week in gathering material for the first issue of their school paper. They have high hopes of bringing this out next week. We would rather wait till next week to tell you what the aims, hopes and ambitions are that lie in the breasts of these budding Editors and Publishers.

School work has been going such a pace that if we did not have a calendar near, we would have thought that Christmas is nigh. Every class is running at top form. One boy remarked the other day that, absent minded professors must have ceased to exist—we never are allowed to forget that we have an assignment for the next day.

The football team did not get off to such a great start last Saturday. Some of the boys had dreams before the game of last year's score. Kiln had too many Garrigas. Percy Garriga was enough by himself without having another of the same tribe along with him.

At that we expect to have a good team. Many were playing their first varsity games. Too much cannot be expected of them. Tackling not be expected of them. Tackling has been the order of the day for this week. Its hard but necessary.

The Sodality meeting last week was in the hands of several committees. A most interesting program touching on the Rosary was given. The sodality song dedicated to "Christ the King" written by Father D. A. Lord of the Queen's Work, was sung by the whole body of sodalists. Bro. Romauld accompanied on the violin.

CHANGE DATE OF MEETING.

Owing to Wednesday, October 5th being the date of St. Margaret's Daughters' benefit performance their regular monthly meeting will be held on Monday evening at 8 P. M., at the home of Mrs. G. Y. Blaize. Attendance is urged.

R. R. COMMISSION TO GIVE BUS LINES MAJOR CONSIDERATION

At October Session of Mississippi Railroad Commission—New Petitions Filed

Bus line business will occupy most of the October session of the state railroad commission, with several citations and petitions for four new bus routes to be heard at the meeting October 4.

Failure to file liability insurance policies or bonds has caused citations of J. T. Tinsley, H. G. Gatlin, Paul M. Chambers and Thomas Y. Jolley, all bus line operators.

New bus routes petitioned for include: John G. Minniece, for light express and mail route from Aberdeen to Muldoon over Highway 25.

Howard W. Thomas, for auto bus route from Laurel to Jackson, via Taylorville, Raleigh and Brandon. F. J. Feirht, for bus route over U. S. Highway 45 from Mobile to Jackson, Tenn.

F. J. Feirht, for bus route over U. S. Highway 78 and highways 6 and 7 from Tupelo to Memphis.

Authority to discontinue agencies also is sought in several petitions. The Western Union to close its Bay St. Louis office; the Frisco to close its Blue Springs agency; the Southern Express Company to quit its eastern Express Agency; and the Malvina Agency without permission of the commission.

BOY SCOUT TROOP ON ROUTING

Spend Week-End At Paradise Point in Harrison County—Command of

Boy Scout Troop 208 went on a camping trip Saturday evening, Sept. 24th, and returned Sunday evening. They went to "Paradise Point" which is an ideal camping place on Wolf River in the rear of Pass Christian. Several of the boys hiked fourteen miles on the way over while the others were taken in a truck carrying the equipment.

Assembly was sounded ten minutes after arrival and all answered the roll call. The American flag was raised while the troop stood at attention and saluting, recited the pledge of allegiance to the flag.

The boys cooked their own meal, Sunday night and after supper sang camp-fire songs and were then entertained by Mr. Laurent Dickson telling them of his war experiences. Taps was sounded at nine o'clock and quietness reigned.

Reveille was sounded at five o'clock Sunday morning. Breakfast in the "raw" was allotted, each scout being given the following: A portion of corn-flakes, with cream and sugar, two eggs, three slices of bacon, four slices of bread.

After breakfast the scouts attended religious services, at their respective churches.

After church services a refreshing swim in Wolf river. At twelve o'clock mess was sounded and quickly answered. Dinner was served to each scout in the form of 1-3 pound of ground meat seasoned with onions, pepper and salt, five Irish potatoes, four slices of bread, nearly a pint of lemonade and pork and beans.

After dinner various forms of scout sports were enjoyed. Then the scouts went swimming for the second time and after one enjoyable hour of swimming, assembly was sounded by the bugler.

The troop broke camp at four o'clock and arrived home at five. The scouts attending were as follows: James Arnold, Herman Bopp, J. C. Bryd, Leo Bourgeois, Geoffrey Bourgeois, Porter Barnes, Roy Clark, Homer Carmichael, Lucien Carmichael, Jerry Dickson, Brisco Goldman, Jack Ingram, Chapman, Marshall, Jack Pepperdene, Son Pears, Clarence Mitchell, Neal Rhodes, Fred Wright.

The troop was under the command of Mr. Laurent Dickson, chairman of the Scout Troop Committee for Bay St. Louis, and Mr. Edward I. Jones, assistant scoutmaster. Due to pressing business Dr. Edward Anderson, scoutmaster and Mr. W. T. Jeffries, assistant scoutmaster were unable to attend.

The troop wishes to acknowledge favors of Mr. C. C. McDonald, Mrs. Laurent Dickson and Mr. R. J. Daley, Jr., and also to Mr. Jones, of Pass Christian, the owner of the camping site.

The regular mechanical force will produce the paper.

Sanitary Bakers Beaten By Lake Shore Team 11-8.

By Cedric Heitzmann.

The Sanitary Bakers piloted by Manuel Maurigi and captained by Alfred (Bubber) Vassalli who is proprietor of the Sanitary Bakery, was robbed out of the game last Sunday by the Lakeshore Boogie Heads, by the score of 11-8 in which the bad decision of Umpire Chester Bourgeois in all the game called bad plays from start to finish. Chester who is a coast leaguer unpired like a 2 year old child which did not know the baseball game. In the last inning Chester called Red Chapman out when Fayard catcher for Lakeshore said that he did not touch Chapman.

The Sanitary Bakers said they would play Lakeshore on Sick's diamond later. Next Sunday the Bakers play the Bay St. Louis Panthers Thomas Egloff and Nolan Ladner will be the Baker batteries, while Pike Telhiard and Price will be the batteries for the Panthers. This game will be played on Sick's diamond.

Summary for game follows:

2 base hits—Poyadeau, Vassalli, Moran. 3 base hits—T. J. Bourgeois 2, F. Bourgeois. Struckout by Usher 7, S. Bourgeois 2. Maurigi 2, Chapin 3. Base on balls off Usher 4, S. Bourgeois 1; Maurigi 1, R. Chapin 1. Hit by pitched ball by Maurigi, Usher, Fayard. Left on bases, Bakers, 8; Lakeshore 7. Stolen bases, B. Strong 7, Banderet, Chapin, Maurigi, S. Bourgeois 2, F. Bourgeois. Wild Pitch—Chapin, Favre. Umpire Chester Bourgeois. Scorer Cedric Heitzmann. Don't forget to see the Sanitary Bakers and Bay Panthers clash bats at Sick's diamond, Dunbar avenue. Next Sunday the game will start at 2:30. Bay St. Louis time.

ST. JOSEPH P.T.A. THANKS.

The St. Joseph P.T.A. wish to thank Mother Claire, the Sisters of St. Joseph, the Grade Mothers and also Miss Mary Perkins and Miss Elise Lizan; for their cooperation in making the P.T.A. parade the success for which it was noted. This is in addition to the article supplied the Echo last week.

A lecture on the Eucharistic Congress at Dublin and the annual election of officers featured the meeting Monday afternoon of the Bay St. Louis district of the National Council of Catholic Women, held in Bay St. Louis at St. Joseph's Academy, with a large attendance of members from the four units of Long Beach, Pass Christian, Waveland and Bay St. Louis, Long Beach having the distinction of the largest group present.

Rev. Wm. J. Leech, pastor of St. Paul's Catholic church, Pass Christian, spoke of the Eucharistic Congress which he attended in Dublin this summer, telling of the tremendously large crowds present, of the beautiful services and the spiritual leadership.

Officers elected include: Mrs. Edw. C. Carrere, Waveland, president; Mrs. John A. Green of Bay St. Louis, Mrs. J. C. Liversedge of Pass Christian and Mrs. Mary Van Cloostere of Long Beach, vice-president; recording-secretary; Mrs. J. C. Clancy, Long Beach, publicity chairman; Miss Elsa Mauffray, Bay St. Louis, organization chairman and Mrs. John T. Nix, Waveland, hospitality chairman. These officers represented only two changes, Mrs. Green succeeding Mrs. A. K. Roy, and the new office of corresponding secretary was created at this time. The state convention will be held at Vicksburg, October 15-18, and delegates were elected as follows: St. Margaret's Daughters of Bay St. Louis, Mrs. C. A. Gordon and Mrs. G. Y. Blaize; Alter Society of Bay St. Louis, Mrs. Smith and Miss Edw. Galloway; Pass Christian, Mrs. J. F. Galloway and Mrs. B. E. Christovich; Long Beach, Mrs. Mary Van Cloostere and Mrs. J. C. Clancy; Waveland, Mrs. John T. Nix.

Reports of the state and national conventions will be given. The national convention date is October 8 at Charleston, S. C.

Three pastors were present at Monday's meeting, Rev. A. J. Gmelch, Bay St. Louis; Rev. Wm. J. Leech, Pass Christian and Rev. J. M. Hager, Long Beach. Rev. Gmelch opened the meeting with prayer and Rev. Leech gave the closing prayer. After the meeting the Bay St. Louis ladies served homemade cake and punch.

The office of corresponding secretary was created at this meeting and Mrs. John A. Green, one of the vice presidents, elected to serve thereto.

CITIZEN DIES AT 73 YEARS

Anthony Benvenuti's Funeral To Take Place This Friday Morning at 10 O'Clock

Anthony Benvenuti, native of Neresine, Austria, aged 73 years, died at his home in this city at Cedar Point at 7:55 o'clock Thursday morning, after a long passive illness which lately culminated in taking him away.

He was a resident of Bay St. Louis the past 42 years and was well and favorably known.

His wife died some years ago as a result of her clothing catching on fire and he is survived by his children, namely, Anthony and Joseph Benvenuti, both married, eleven grandchildren.

The funeral will take place from the late residence this Friday morning at 10 o'clock, to which are invited friends and acquaintances of the family and members of Pere Le Duc Council, 1522, Knights of Columbus, with services at the church of Our Lady of the Gulf and interment in the family burial plot at Cedar Rest cemetery.

The passing away of Mr. Benvenuti removes from our community one of its best and our citizens. A man who enjoyed the respect and esteem of all who knew him. He was a man who lived in the bosom of his family and his death will leave a vacant place in the home and where his memory will long live.

The sons and their respective families have the sympathy of the community.

PALATIAL HOTEL FOR SALE.

ON MONDAY over in Harrison county there will be offered for sale at the county seat and to the highest bidder for cash one of the ultra modern and palatial hostleries of the Mississippi Gulf Coast, perhaps the last word in safe, sane and popular construction for such purposes.

The building is of many stories, all facing the waters of the gulf, fire-proof, free from hazards and where guests find the maximum of comfort and satisfaction. It was built fittingly for an ideal place and such clientele as it enjoyed until the depression, hitting like a cyclone during the hours of night, overwhelmed the success of the business in tragic terms and form.

This particular hotel did not suffer for want of patronage or because it lacked in any element or essentials, for it had all to offer that could be desired, and located on the Mississippi Gulf Coast its location was well auspicious.

But the trend of the times, a depressed money market and of the goods of the world, an economic debacle, proved such combined circumstance that could not cope with a mortgage of some high million dollars. It is for this approximate amount of bonds—failure to discharge same—that the foreclosure will take place Monday.

The hope is expressed that the holder or holders of major amount of the bonds will be able to buy the hotel, to mutual advantage, at a price that will permit it to continue under the same splendid management that built and operated the place and that the usual sign announcing date of opening for the winter season will be again displayed in its accustomed place,—at the gateway of the entrance of the Edgewater Hotel.

DANGEROUS PLACE ON O. S. T.

THE Times-Picayune of Tuesday morning calls attention to a part of the highway north of Slidell that is dangerous and records the death of a lady who recently driving through that place met with the accident that caused her passing away. The road leaves its straight course at an acute angle to cross the railroad tracks and if one is not familiar with this sudden leave-taking of the right course disaster may result.

The hope is expressed citizens of Slidell and vicinity may bring the matter to the attention of proper authorities and lay such stress on the subject as to cause the necessary remedy and relief to be forthcoming. We cannot afford to take chances. We cannot afford to lose even one life without reason and besides a human life is too valuable not to be better protected. This hazard must be removed.

It is in Louisiana on the O. S. T. traversing Mississippi.

A LEADER RE-ELECTED.

THE re-election of Mrs. Edw. C. Carrere, of Waveland, as president of the local district organization of National Council of Catholic Women, at the annual meeting held in this city Monday of this week, was not only a becoming and thoughtful gesture but a recognition of the work and merit of one who has labored diligently and with such interpretation of the work and conception of duty as to make her well worthy of the compliment.

Such an organization, extending over a wide area of this coastal section, and the aims and objects, influence and contacts national in scope, is one of more than ordinary being and demands such attention as Mrs. Carrere has given.

With the co-operation of her associates, women who are steadfast and loyal to the cause their organization represents, Mrs. Carrere has kept the council active in a sense far above the ordinary. She has inspired others to help carry on and from the deliberations of each and every meeting it is noted the Council of Catholic Women have contributed their share towards the intention for which the organization was created.

HARD-SURFACED HIGHWAY AND WEEK-ENDS

WITH the completion of hardsurfacing the Old Spanish Trail connecting New Orleans with the Mississippi Gulf Coast, as if it were one ribbon-like of space of smooth and winding way, it is expected that the week-end visitors from New Orleans this winter will be largely augmented by possibilities of this improvement.

It is expected, and this predicated on new and competed highway, that hundreds of auto parties will visit locally, extending their stay from Friday evening to Sunday afternoon. This, it is pointed out, will produce a new avenue of recreation and pleasure for visitors and a new and added source of income to the Gulf Coast. Of this, it is said, there can be no doubt.

The end of the big leagues will give some folks a breathing space for a few months.

OUR GULF COAST AND WINTER.

WITH Fall our thoughts run to winter and it is but natural to think of our own Mississippi Gulf Coast, that after all that has been said and done, this section is still the outstanding and favorite winter resort of America, taking all in all.

Mrs. Partington said that comparisons were odious, but nevertheless in place they serve to a purpose, and it may not be amiss to indulge in a little contrast.

People who go to Florida find it the rich man's playground and even at that he finds the season all too short. Hardly is the season established the golfer finds it too warm to play while on the Mississippi Gulf Coast he may indulge in the great recreational pastime until late spring with the weather neither too cold nor warm for outdoor exercise and pleasure.

Many go to Florida to the fashionable centers, such as Palm Beach, Miami and other points of equal outstanding prominence, but even though this number, comparatively speaking is small to the great number of the masses who seek winter travel and places of residences.

California is entirely too far. The business man from the East and North cannot go too far away from his source of interest. He might not care about the cost of transportation but he does consider the time consumed and inconvenience incidental thereto.

The Mississippi Gulf Coast, with its all-winter outdoor pleasures, its many modern hotels, is practically only a twenty-four hour trip (average) from any central point of the country.

Possibly our Coast needs more exploitation if we might use that term in place of the hackneyed one of advertising. Our hotels and pleasure courses need more publicity. We must get our message over and as soon as it will be possible for the various chambers of commerce to back the proposition financially perhaps one of the first steps to take regarding a renaissance of the Coast is to broadcast by the printed word this land of ours, that we may share its health and pleasures with others.

GANDHI NOVEL PLAN.

MAHATMA GANDHI has served notice on the British Government that he will starve himself to death as a protest against the plan for granting a modified suffrage to the members of the "untouchable" Hindu castes.

At the time these lines are written dispatches appearing the daily press are to the effect an agreement is in prospect with the British government and that a major portion of the present recognition sought will be granted Mahatma Gandhi and it is not only possible but probable when The Echo will have gone to press Mahatma will have broken his "fast to the death" and object of this self-punishment for moral effect will have been accomplished.

The Indian leader has opposed the granting of votes to members of "untouchable" Hindu caste, claiming that suffrage would poison Hinduism and do the new voters no good. Premier MacDonald has accused Gandhi of wishing to keep the Government will release the Nationalist leader from prison if he carries out his starvation threat.

It is hard to see how the starvation of Gandhi will do any material good, except as a means of advertised protest which may draw public attention to the problem. However, it is one that India will have to solve for herself and which the world cannot solve for her. Gandhi's death will make little difference in the viewpoint, which the Indian population continues to take in regard to this local problem.

Gandhi in his previous campaign enlisted the cooperation of thousands in a passive resistance to British rule, which was remarkable in its absence of violence, showing how thoroughly the leader had stressed non-violence to his followers. However, thousands of Indians were injured in the disorders which attended this campaign and this is probably the reason why Gandhi in his new effort is making a personal sacrifice rather than call upon his Indian followers to undergo additional punishment.

The Gandhi idea is at least novel. Some people would dismiss it immediately with an exclamation, "Let him starve." However, millions of his adherents will be stirred to a frenzy and may make trouble for the British in India.

CRAZE FOR THINGS.

IT IS PECULIAR how things run in kinds, or rather in stratas. For a while a particular color may be all the rage, either in dress, painting, printing and wherever color is used. Then again certain words from the vocabulary are used to the extent as to be overdone.

A while back certain words were used to apply to such a wide range that license was taken all too often and unless one was alert or familiar the literal reason of an expression was lost.

Everything was "cute" at one time. Now it is such adjectives as "wonderful," "marvelous," etc. Remarkable and extraordinary, the words intended according to good English, are lost sight of. But it is not the use of particular words as a fashion that arrests attention and possibly criticism but the too often repeated usage.

For a while the movies had a run on stage shows, then we were given an overdose of war pictures, then sex pictures, mystery and gruesome pictures, now island and "go native" pictures to a point where one becomes filled with that feeling called the saturation point—if not beyond that. However, this is no criticism of the movies, but simply serves as an illustration to the point we are trying to make clear.

There is a tendency to over do, to exaggerate. We might pardon the flights style or craze for color, words, plays and pictures but preserve us from the things we are too prone to overdo.

In music, too, we have had our indigestion of jazz.

All excesses and extremes are repulsive. Things in moderation are always acceptable and wear longer. Just like we are fond of the individual whose acquaintance wears longer the better we know him.

WITH THE STATE PRESS.

MOST OF THIS BOND ISSUE SHOULD SOON BE IN CIRCULATION.

WE welcome the announcement that no further court attack will be made on the legality of the state's \$5,000,000 bond issue authorized to redeem outstanding bank deposit guaranty certificates issued under the old bank deposit guaranty act.

The Hinds County chancery court recently upheld the legality of the issue. Attorneys prosecuting the suit announce that no appeal will be taken.

Bankruptcy of this last legal cloud upon the legality of the bond issue should stimulate and facilitate exchange of the bonds in small denominations for the certificates held by approximately 20,000 depositors over the state.

The individual holders should have no trouble in selling or borrowing upon the bonds. The greater part of their face value therefore should soon be in circulation in the state. This in turn, should further stimulate fall business and speed the steady revival of Mississippi business and industry.

THREE-CENT POSTAGE RATE FAILS TO INCREASE REVENUE.

STILL another important item in Hoover economy and revenue program proves a costly error and failure.

The boost in first-class postage rates from two to three cents only is producing less revenue than was expected of it but, if the trend continues longer, will soon produce less than the two-cent rate did.

The volume of first-class mail continues to decrease, as more and more business houses develop ways and means of cutting down postage costs through increased messenger service and other expedients.

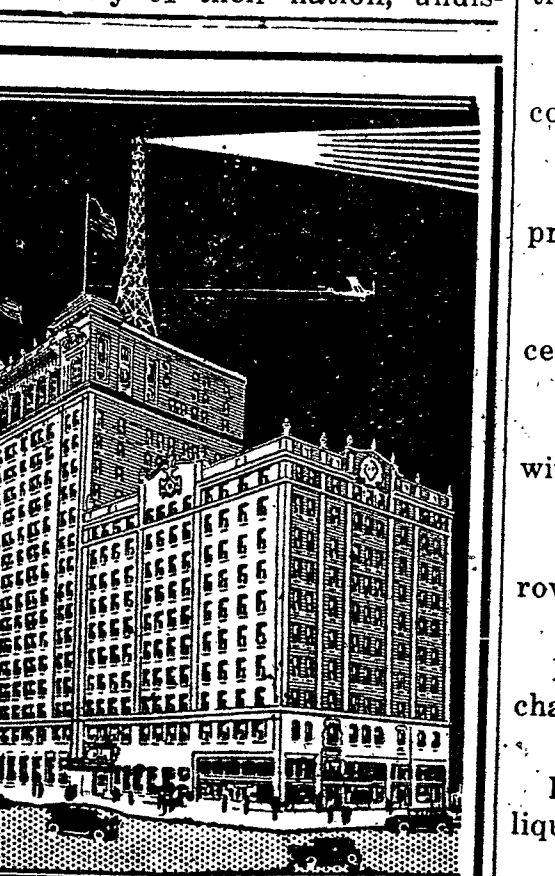

Unless a change sets in, unless general retail business improves materially and immediately and thereby boosts the amount of first class mail, unless the annual Christmas deluge of mail overcomes the shrinkage in volume of first class acts of the approaching congress will be to restore the old two-cent rate, as an economy measure and to regain lost revenue.

Postmaster General Brown declares now that, "The prime objective of the postoffice department should be to go back to the two-cent postage basis at the earliest possible moment."—Jackson Clarion-Ledger.

THE LITTLE TOWNS.

RECENTLY a writer in a New York paper addressed an appeal to Congress to "do something for the little towns, for the little towns really are America." The appeal is a sensible one, as most readers of the Banner will agree. But the writer's description of the little town being composed of "small, shabby houses set in tangled gardens, with the smell of ginger bread and pickling peaches drifting from the kitchen window to your hungry nose" is all wrong. Those kind of towns are not here anymore. They passed out with the livery stable.

The little town of today has changed a lot during the life of a single generation. It is no longer identified musically by the blacksmith's hammer on the anvil. There are tangled gardens still, but they are behind painted houses that face paved roads. And spring and summer seem to reserve special showers for the little town. There are quiet stores where men foregather and think sanely of their nation, undis-

IN THE INSTANCE OF ADDITION-
AL ASSESSMENTS MADE AT THE
INSTANCE OF J. B. GULLY,
STATE TAX COLLECTOR

Against: Various owners of Boats.

ORDER

This day came on for consideration by the said Board, the matter of additional assessments for back taxes, at the instance of the State Tax Collector against various parties on back assessments as made by the Tax Assessor of said County on certain boats that have escaped taxation by reason of not being fully and sufficiently assessed, and it appearing that the Tax Assessor of said county, pursuant to notice from the State Tax Collector, and appearance being entered and by agreement between said parties, has back assessed the following owners upon personal property that has escaped taxation as above mentioned for the following years and in the following amounts, by way of an additional assessment:

1929 1230 1931

that said back assessments are fair, just and equitable and should in all things be approved.

It is therefore considered by the Board and ordered, adjudged and decreed that said back assessments, as made by the said Tax Assessor of Hancock County be and the same are hereby ratified and approved, and if the same have not been entered upon the personal rolls of said county, that said Tax Assessor be required to enter same on the proper assessment roll, and that the Clerk of this Board forthwith certify this approved assessment roll to the Tax Collector of said County, and that said Tax Collector proceed to collect the said ad valorem taxes due thereon as required by law.

IN THE MATTER OF THE BACK ASSESSMENT AGAINST THE KINGSLEY HOUSE ASSOCIATION MADE AT THE INSTANCE OF HON. J. B. GULLY, STATE TAX COLLECTOR.

There coming in for consideration by the Board of Supervisors the matter of the assessment for back taxes at the instance of the State Tax Collector against the Kingsley House Association, and the objections to said assessment as made and filed by said Kingsley House Association, on back assessment as made by the Tax Assessor of Hancock County, Miss., as per assessment filed by said Assessor for the years 1929, 1930 and 1931; and it appearing that said Tax Assessor has back assessed the said Kingsley House Association upon certain real estate and improvements thereon situated in the City of Bay St. Louis, Miss., described as follows, to-wit:

A parcel of land situated in the City of Bay St. Louis, Miss., having a frontage on the water's edge of the Mississippi Sound and extending back thence between parallel lines running on a course North 70 degrees, West to a Highway adjoining the right of way of the L. & N. R. R. Company, said parallel lines being 238 feet apart at right angles. The Northern line of said lands runs from Front Street on a course 70 degrees West a distance of 3790 feet; the south line of said lands runs on a course of 70 degrees West, a distance of 3765 feet; the lands being bounded on the So. by lands of Mrs. Louise O'Reilly; on the W. by said Highway and on the E. by the Mississippi Sound. Said lands No. 232, 233 and 234 of the Fourth Ward of the City of Bay St. Louis, Miss., as per map filed in the office of the Chancery Court of Hancock County, Mississippi, on May 1st, 1923.

And the said State Tax Collector appearing before the Board by his legal representative and consenting that said assessment be vacated, annulled and set at naught.

And the Board having heard and considered the matter of said assessment and the objections thereto, and being fully advised in the premises and finding that the said objections to said assessment be well founded and that the allegations and statements contained in said objections be true, and that the property described in said assessment is not subject to said assessment for back taxes, and that property is exempt from taxation under the laws of the State of Mississippi; it is therefore

Ordered, adjudged and decreed by this Board that said back assessment, as made by the said Tax Assessor of Hancock County, Miss., be and the same is hereby vacated, rejected, annulled and set at naught.

ORDER LEVYING REFORESTATION TAX.

Coming on for consideration the request of certain citizens of Hancock County to assess and levy a special annual reforestation tax of 5c per acre on the timbered and uncultivated lands lying within the hereinafter described boundaries, to be collected and disbursed for the years 1932 and annually thereafter as authorized and directed in House Bill 447 of the Regular Session of the Mississippi Legislature, Session of 1932, which territory is described as follows:

Commencing at the N. E. Corner of Section 1, T. 5, S. R. 14 W., said point being the point of intersection of the boundaries of Pearl River, Stone, Harrison and Hancock counties; thence South with the east boundary of Hancock county to its intersection with the North Shore of Bay St. Louis which is also the point where the east line of Section 12, T. 8, S. R. 14 W., intersects the North shore of Bay St. Louis; thence West-ly and southerly with the shore line of Bay St. Louis, which is the south boundary of sections 12, 11 and 14, T. 8, S. R. 14 W., to the mouth of the northern of the three entrances to Jordan river; thence West-ly and northerly with the northern of the three entrances to Jordan river to Jordan River proper at the northern end of Sec. 16, T. 8, S. R. 14 W.; thence southerly with Jordan River to its main or southern entrance on Bay St. Louis at the north end of Sec. 46, T. 8, S. R. 14 W.; thence southerly with the West line of Sec. 46, T. 8, S. R. 14 W., to its intersection with the north line of Sec. 34, T. 8, S. R. 14 W.; thence east with the north line of Sec. 34, T. 8, S. R. 14 W., to the N. E. corner of Sec. 34, T. 8, S. R. 14 W., and the east line of Sec. 3, T. 9, S. R. 14 W., to its intersection with the right of way of the L. & N. R. "I stand for the upbuilding of Bay St. Louis, tax reduction, public improvements, reduced water rental and encourage new business enterprises."

George T. W. Muller is a man who is fully qualified to handle the management of the public works of Bay St. Louis because of his vast knowledge of public property due to the supervision of Property as President of the Property Holders' Mutual Aid Fire Indemnity Society of New Orleans, La. In connection with his work he has come face to face with the needs of the property-holders and is prepared to render service to them with the utmost of his capability as a property supervisor or water engineer.

During this period George T. W. Muller has been able to cope with any situation that seemed to present itself notwithstanding the magnitude of the obstacle that came within his vision.

Mr. Muller intends to see that there is a substantial tax reduction, equal division of public works, public improvements, a reduced rental of water service, and to encourage and foster new business enterprises that will aid the manifest unemployment.

Mr. Muller does not make any promises that will not be realized. In his inspection work, Mr. Muller fully comprehends the need for adequate fire protection and he aims to make Bay St. Louis a city of 100 per cent protection. He is also an advocate for better schools, improved roads, and a more efficient water system.

George T. W. Muller has always been a man of integrity and service. He contemplates giving Bay St. Louis a maximum of service and a minimum of unfulfilled promises. If elected, he promises to make every obligation of his a present reality.

IN THE MATTER OF THE BACK ASSESSMENT AGAINST ST. MARGARET'S DAUGHTERS MADE AT THE INSTANCE OF HON. J. B. GULLY, STATE TAX COLLECTOR.

There coming on for consideration by the Board of Supervisors the matter of the assessment for back taxes, at the instance of the State Tax Collector, made against the Jewish Charitable and Educational Federation, and the objections to said assessment made and filed by said Jewish Charitable and Educational Federation, on back assessment as made by the Tax Assessor of Hancock county, Miss., as per assessment filed by said Assessor for the years 1929, 1930 and 1931; and it appearing that said Tax Assessor has back assessed the said Jewish Charitable and Educational Federation upon certain real estate and the improvements thereon situated in the City of Bay St. Louis, Miss., described as follows, to-wit:

Lot number 240, 241, 242 and 243 of the Fourth Ward of the City of Bay St. Louis, Mississippi, as per the official map, made by E. S. Drake, Surveyor, and approved on May 1st, 1923, being the same land conveyed by Henry P. Dart, Attorney in Fact and Agent for Jno. P. Dart, and recorded in Vol. D-1, page 189 et seq. of the records of deeds of Hancock County, Miss., to gether with all improvements thereon.

And the said State Tax Collector appearing before the Board by his legal representative and consenting that said assessment be vacated, annulled and set at naught.

And the Board having heard and considered the matter of the said assessment and the objections thereto, and being fully advised in the premises and finding that the said objections to said assessment be well founded and that the allegations and statements contained in said objections be true, and that the property described in said assessment is not subject to said assessment for back taxes, and that said property is exempt from taxation under the laws of the State of Mississippi; it is therefore

"All Deaths from So-Called Natural Causes are Merely the End-Point of Progressive Acid Saturation" Says Well-Known Authority

SCIENCE DISCOVERS The Human Body Consists of Eleven Essential Minerals. A Deficiency of Any of These Causes Many Human Ills.

Most Stomach Disorders, Indigestion, Gas, Bloating, Heartburn, Headaches, Constipation, Biliousness, Nervousness, Rheumatism, Sleeplessness, Loss of Strength and Vigor Are Caused by a Lack of Some Essential Mineral Element and a Deficiency of Vitamins.

In the light of recent scientific discoveries, leading Physicians and Health authorities agree that the human race could be practically free from most ailments, and could live to a ripe old age if the system could be regularly supplied with a sufficient quantity of the essential Minerals and Vitamins.

ACIDITY TEARS DOWN HEALTH

The process of refining modern foods; bleaching of flour, rice, sugar, etc.; together with improper cooking takes out of our foods the very things that God intended we should have.

As the Mineral content of the body is lowered, slowly but surely the acid content of the system is increased until it finally reaches the point where the organs of assimilation and elimination cannot perform their natural functions. Our powers of resistance are lowered. Disease germs creep into the blood. The system becomes clogged with impurities. Various aches and pains appear, and before we realize what is taking place, we are on the very verge of a physical breakdown.

SCIENCE PERFECTS NEW FORMULA

Fortunately for humanity, science has found a way to prevent most of these conditions. After years of careful research and experimentation, a new and remarkable formula has been perfected. This preparation, known as LEE'S MINERAL COMPOUND, is a scientific combination of the eleven most essential Minerals and Vitamins of the human body combined with Vitamin A. It is not, in any sense, a patent medicine but is more in the nature of a FOOD VITALIZER. By supplying the system with the necessary Minerals and Vitamins, it aids nature in quickly balancing the Mineral content of the body so that good health naturally follows.

IRON—which plays an important part in the building of rich, red blood, improves nutrition, exerts a tonic influence upon the nerve centers and increases the hemoglobin of the blood. **IODINE**—which acts as an alterant in the blood, a stimulant to the thyroid gland, and is valuable in the treatment of chronic rheumatism, bronchitis, asthma and goiter. **COPPER**—which exerts a marked influence on the blood making organs and is valuable in the treatment and prevention of anemia. **CALCIUM**—which is essential in proper nutrition of bones, cartilage, tendons and muscles and a valuable reconstructive tonic for feeble, undernourished people. **MAGNESIUM**—which acts as a stimulant to the glands of the intestinal tract and helps to clear the system of dangerous metabolic poisons. A valuable treatment in gout and arthritis. **MANGANESE**—which is valuable in the treatment of neurasthenia and deficient nerve nutrition. **PHOSPHORUS**—which exerts a tonic effect upon the nervous system, helps in the building of bone, assists in correcting skin diseases such as acne and eczema, and stimulates the blood making organs. **POTASSIUM**—which has a marked effect upon metabolism and is essential to vital activity. **SODIUM**—which assists in supplying a deficiency of phosphates, helps in the correction of constipation, infantile diarrhea and jaundice. **SULPHUR**—which is essential to the health of albuminous organs and tissues plays an important part in the physiological processes of the body, increases the intestinal secretions and is an important element in nutrition. **CARBON**—which plays an essential part in the building of tissue. **HYDROGEN**—without which, it is now believed, the human body would wither and die.

COMMENT ON SPORTS BY SHERIDAN

Both Teams Confident McCarthy's Hope Vines on Top Breaks Records. Canadian Wins Football Begins Ruth's Selection.

The experts are beginning to figure the outcome of the World Series with Yankee supporters confident that the powerful New York machine will batter the Cubs and take the honors. In their last two series against Pittsburgh and St. Louis, the Yanks ground out four successive victories.

However from Chicago comes a story of confidence also. The Cubs don't concede anything to the Yankees. They believe they have a fighting aggregation, one strong enough to overcome some bad breaks during the year and good enough, in their opinion, to take care of all that the Yankees have to offer.

Winning a pennant in his second year as a manager of an American League team brings considerable happiness to Joseph McCarthy, Irishman, who looks with glee at a series with the Wrigley-controlled Cubs. Joe, it will be recalled, made a fine showing with the Cubs in 1930, although the team was beset with injuries and illnesses, but was fired before the season ended, because his Cubs failed to capture the World's championship.

In 1929, his Cubs won the pennant but the Athletics downed them four games to one in the series. If the fates decree that his Yankees trounce the Cubs in the coming series, you can mark 1932 down as a good year for Mr. McCarthy.

Ellsworth Vines, Jr., is being compared with Bill Tilden, with many observers proclaiming him the greatest tennis player of modern times. Vines, who was not old enough to vote until the 28th of this month, has already won two national singles championships, won one national doubles and first Wimbledon tournament he ever saw. His triumph over Henri Cochet in the Davis Cup matches in France, followed by his three-set victory over the same great Frenchman in their recent meeting in this country undoubtedly establishes him as a great tennis star.

The mastery that he exhibited over Cochet cannot be doubted and unless he reverses all form and deteriorates, Vines seems to be the logical headman of the tennis world. The victories of Vines over Cochet shatters French dominance in amateur tennis, which was established by Lenkies, Cochet and others. With Vines able to take care of the men's tennis realm and Helen Wills Moody and Helen Jacobs controlling the women's play, the United States seems tennis honors next year.

Ross Someville, former Canadian champion, became the first Canadian to win the U. S. Amateur Golf Championship, when he defeated Johnny Goodman, of Omaha, in their 36-hole match at Baltimore. The Canadian, 29 years old, is a powerful player but not quite as straight as Goodman off the tee. Both are good on the green.

The Ontario star beat the American "killer of champions" by two and

one for the first time since Harold Hilton, of England, won the championship twenty-one years ago, our home-bred amateurs have yielded to a foreigner. Goodman seemed to be sure of victory as the last nine holes began, being two up on Someville. However, things began to go wrong and the Canadian came through with a steady flow of brilliant golf.

Anyhow, Goodman made a game fight and had the satisfaction of beating two members of the Walker Cup team, Charlie Seaver, of Los Angeles. In addition he defeated the team's captain, the defending champion, Francis, Ouimet. Moreover, in the first dun, he disposed of H. C. Egan, a former U. S. champion.

Leo Sexton, of New York, the Olympic shot-putting champion, is continuing to break world's records. In New York recently he pushed the 8-pound shot 69 feet, 10 and 3-4 in, to beat Herman Brix's mark more than a foot, sent the 12-pound ball 60 feet, 5 and 1-2 inches to surpass Brix's record of one-half inch. He also threw the 16-pound ball 51 feet, 5 inches, thus giving him 181 feet, 9 and 1-2 inches for the aggregate, almost 4 feet ahead of Brix's medley aggregate.

Gar Wood's projected effort to break the world's one-mile speed boat record was recently postponed on account of a rough sea on the St. Claire river, near Algonac, Mich. The big brown-hulled Miss America X, with its 43 cylinders ready to go, had no chance on, such water and while an exhibition was staged, the timers did not clock the spurt.

Kerry Patch, with odds of 30-1 won the Belmont Park Futurity worth \$88,960 to the victor. Few people thought that the son of Desperate Desmond and Polly McGiggles had a chance because he had won only twice in fifteen starts.

College football got underway last Saturday with a number of teams playing their first games and will be in full blast next Saturday. Some uncertainty existed about the new regulations and it may be a few weeks before they will be ironed out. Spectators will notice the absence of the flying wedge, a feature of so many games in past seasons, if the regulations do what they are intended to accomplish.

THE ECHO'S COOKING CLASS

(For The Sea Coast Echo)

To our grandmothers sour cream was almost a necessity and many delicious dishes owed their unusual taste to its use. Sour cream can be used through an entire meal and serves for sandwich filling for the afternoon tea. The housekeeper will be pleased by the good results of these recipes. Sour cream is an asset to the cook who knows how to use it.

Vegetable Soup

1 quart vegetable soup
1/2 cup sour cream
2 egg yolks.
Beat the egg yolks slightly, add the cream and stir in the boiling soup just before serving. Additional cold sour cream may be used plain or whipped as garnish.

Sour Cream Waffles

2 cups sour cream
2 eggs
1 1/2 teaspoons melted butter
2 cups flour
1 teaspoon soda
1/2 teaspoon salt.
Beat eggs separately. Mix cream with egg yolks, stir in flour, melted butter and salt. Add soda dissolved in enough sweet milk to make batter; right consistency then add stiffly beaten whites.

Sour Cream Candy

2 teaspoons sugar
1/2 teaspoon paprika
1/2 teaspoon salt
2 teaspoons oil
1 cup sour cream
2 tablespoons vinegar.
Mix the sugar, salt, paprika, add the oil and vinegar. Blend well then whip in the thick sour cream. Serve very cold.

Anchovy Spread Sandwich

1/2 cup sour cream
1 teaspoon or more anchovy paste
Shredded lettuce
Blend the cream with the anchovy paste and use with lettuce. This is flavorful enough to use with any bread.

Fruit and Nut Paste Sandwich

1/2 cup sour cream
1/4 cup prunes, dates, figs
1/4 cup chopped nuts
Cut fruit into small pieces. Add cream and nuts. Spread on thinly sliced raisen bread.

Sour Cream Candy

1 tablespoon grated orange rind
3 tablespoons butter
1 1/4 cups sifted granulated sugar
1 1/2 cup cream
1 teaspoon orange juice
Mix cream and sugar, cook until it forms a ball in cold water, which is still a "soft ball" but can be easily picked up. Set pan in cold water, add butter. When cooled, add orange juice and rind. Beat hard until creamy and smooth. Pour into buttered tin.

WILL ROGERS TO BE SEEN IN 'DOWN TO EARTH' AT A. & G. SUNDAY-MON.

Famous Humorist's Latest Fox Picture Has Dorothy Jordan and Irene Rich in Leading Feminine Roles—
Story by Homer Croy.

Will Rogers' newest comedy, "Down to Earth," comes to the A. & G. Theater, this Sunday and Monday. It is said to focus all the brilliance that has made him the keenest and most quoted observer in the country today. While in a sense the picture is a continuation of Rogers' first talkie, "They Had to See Paris," its theme and locale are completely different.

The story opens with Rogers as "Pike Peters," the Oklahoma millionaire, back home again with his family after their Paris jaunt. The stock market is shot to pieces, and Peters is greatly worried, but his wife has an insatiable desire for social honors and his son aids her in extravagant spending. The failure of a bank forces Peters to apply for a local loan, and, that failing as a result of Mrs. Peters' love of elegance and display, he goes to Chicago with the same result. How he gets his family down to earth again forms the basis of the situation.

"Down to Earth," is called the most important picture of Rogers' career. It was written by the author of "They Had to See Paris," Homer Croy, specially to fit the star's talents.

Irene Rich as Wife.

Irene Rich, who appeared as Rogers' wife in his first two talking pictures, again portrays the socially ambitious spouse who brings about most of his hilarious troubles. Matty Kemp, whose work on the first few days of the production won him a long-term contract, enacts the role of the irresponsible son, and Dorothy Jordan that of the boy's childhood sweetheart who steers aside in favor of her wealthy rival.

Theodore Lodi, the Grand Duke "Mike" of the earlier picture, recreates the role in this new film and Mary Carlisle plays the part of the spoiled "deb" who sets her cap for young Kemp. Clarence Wilson, Brandon Hurst, Louise Mackintosh and other noted character players are in the supporting cast. Edwin Burke wrote the screen play and dialogue from Croy's original story. David Butler directed the production for Fox Films.

Distribution of

Free Flour By Red
Cross Attracts Many

Distribution of a second carload of flour that has been allotted to Hancock county has attracted many at the central office in Chamber of Commerce headquarters. Flour demanded by eight hundred families was supplied from a carload averaging 669 double-sized sacks. Mr. Rea representing Red Cross Hancock county said a requisition for another carload would be sent to Washington in order to meet the general demand. The flour is of fine quality and serves to advantage to many of the unemployed. Demands are filed through representatives of church and other authoritative organizations and sources.

COMING TO THE COAST.

While the annual convention will be held in Indiana next year the National Editorial Association plans to meet in New Orleans in 1935, which will be the 50th anniversary. It was organized in New Orleans in 1885 and held its 25th anniversary in that city. Even this far in advance plans are under way to make this Golden Jubilee Anniversary the high spot in the history of an association that now has 4,000 members.

I hope it will be possible to bring this group to the Mississippi Coast on that occasion.

It will be difficult to even handle the convention as an exclusive Mississippi one. They should see the Coast and while 1935 is far in advance it is well to plant the idea. They already have invitations for 1936 and '37.—Clayton Rand.

This group should be invited and brought to the Mississippi Gulf Coast by all means, and Bay St. Louis will do its share in entertaining as well. The National Editorial Association represents representative men and women from over the United States.

We hope Clayton Rand, originator of the Mississippi Coast Press Club, will be able to be present at the regular monthly (October) meeting at the Markham Hotel, Gulfport, next Monday night, and present this important subject to the consideration of the coast press.

WITH THE MOVIES AND FILM FOLKS

Joan Crawford's characterization of Sadie Thompson in "Rain" is no duplication of the characterization made famous by Jeanne Eagels. The stage star's famous high-top shoes, with run-over heels, have given way to French pumps with three-inch heels and net stockings.

Edmund Lowe has finished "Chandu, the Magician," for Fox. The story has been skillfully handled and the tricks appear genuine. Chandu walks through the bottom of the Nile and walks through fire without discomfort.

Another mystery story, "Phantom of Crestwood," involves murder in an old Spanish castle and, he it noted, has no comedy detectives. The cast includes Ricardo Cortez, Karen Morley, Pauline Frederick, Anita Louise, Ailene Pringle, Mary Duncan, Sam Hardy and H. B. Warner.

Ann Harding and Leslie Howard are at work on Phillip Barrie's play, "Animal Kingdom."

R-K-O has shelved "The Torch Singer" based on the life of Libby Holman because of possible legal complications.

Fox's contract with Noel Coward for the production of his play, "Cavalcade," provides for an English-born cast. Many of them will be found in Hollywood but others are coming from London. Clive Brooks, borrowed from Paramount will play Sir Robert and a number of the London cast will have parts.

Katherine Hepburn, after her work in "Bill of Divorcement," has been given a five-year contract by R-K-O.

Jungle pictures continue into production with Fox making "Man Eater" in India.

"State Fair" will have such names as Will Rogers, Janet Gaynor, Sally Eilers, Phillips Holmes, Spencer Tracy and Louise Dresser.

Carole Lombard, borrowed from Paramount for "Virtue," will make another film for Columbia, "No More Orchids," by Grace Perkins.

James Cagney, at war with theaters threatens to make his own pictures. This is considered more or less of a gesture in view of complications that might ensue. It is said that he can return to the studio immediately at \$1750 a week.

"King of the Jungle" is planned by Paramount as a big outdoor thriller. Incidentally, an actor of Herculean lines, who wishes to share close-ups with a lion, can get a job.

Boris Karloff will have a grotesque role for his next Universal picture. He will take the part of an Egyptian mummy, 3,000 years old, who or which is reincarnated.

Paramount plans a new picture for Maurice Chevalier, under the direction of Ernst Lubitsch. This team worked together in "The Love Parade," "The Smiling Lieutenant," and "One Hour With You."

Janet Gaynor and Charles Farrell will be together again in "Tess of the Storm Country." Farrell was not originally scheduled for the male lead but the power of public opinion, expressed in letters, cables, etc., caused the Fox executives to change their plans.

DISTRESS AFTER MEALS

Relieved By Black-Draught

"I had sour stomach and gas," writes Mr. Jess Higgins, of Bensenville, Ill., "and often I would have bilious spells. I read about Theodore's Black-Draught and began to take it. It relieved me of this trouble. I kept it all the time. Now I consider it a fine medicine. I take a pinch of Black-Draught after every meal, and it keeps the system in good order. Get a package at the store. Try it! Now you can get Black-Draught in the form of a SYRUP for children."

LITTLE STORM ON COAST DOES ITS ACT IN A BIG WAY

Waterspout Comes Ashore
At Gulfport and Destroys
Parts of Dwelling
Houses

A waterspout that twisted playfully up and down Mississippi Sound finally yielded late Monday afternoon to the temptation to pay a visit to shore, says the Gulfport Guide.

It chose Bruner Dantzer's private pier to land on—a landing so enthusiastic that it wrecked the railings of the pier and sent an eighteen-foot boat catapulting across the seawall, neutral ground and highway to land it on the Dantzer front sidewalk.

Once ashore, the spout went thru the full repertoire of all the funny tricks that waterspouts and cyclones do. For instance—

A porch swing was wrenched from its chains, carried off the porch and up on the top of the same house, without any injury whatever to the swing, roof or windows.

A single rusty nail came flying through the air and embedded itself so deeply in the leg of a negro woman that a surgical operation was

necessary to extract it;
A garage was lifted completely off the landscape without injuring by one tiny scratch the car that had been inside it;

The roof, ceiling and walls of a negro cabin were carried away but the furniture inside was left undisturbed;

A negro woman had her whole cabin blown from over her head without suffering injury, only to be hit a moment later by a brick that came from a neighbor's chimney.

It was only a little storm but it did its work in a big way. Its path varied from ten to one hundred feet in width. Its speed was sufficient to drive a 2x12 timber 32 inches into the rock-crowned embankment of the L. & N. railway.

The damage it did to twelve homes was estimated at \$40,000.

Bishop Jones Of Gulfside Visits Interior Mississippi

Bishop R. E. Jones in charge of the New Orleans area of the Methodist Episcopal Church and who is one of the best informed men of his race on general temporal and spiritual conditions has recently made a visitation of a large part of his area including especially Mississippi, Louisiana and Texas. He declares it is absolutely remarkable the way negroes are weathering this depression. "There was not a single note of despair sounded anywhere I went among my people; they are standing up and facing the situation without flinching," said the Bishop.

The white people for the most part are manifesting a mighty good spirit towards the colored people in these times of distress, asserted the Bishop. He thinks the fact that there have been so few unhappy incidents as a result of the tense situation is a fine commentary upon the growing tolerance on part of a larger number of white people in their attitude towards Negroes.

Regarding a recent visit of Bishop Jones to Columbia, Miss., The Columbian carried the following news item: "Quite a number of our white

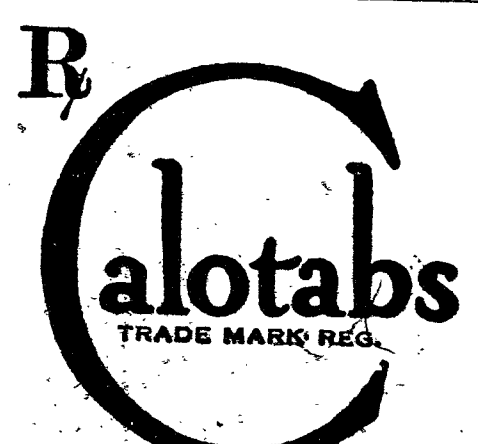

folks attended the services at the local Methodist church Wednesday evening of this week, and heard the excellent address delivered by the colored Bishop, Dr. R. E. Jones, who has charge of the New Orleans area of the colored M. E. Church. The fine gospel singing, including a number of "spirituals," was highly enjoyed. Just before the Bishop's address a most interesting talk was made by Dr. McCoy, president of Russ College at Holly Springs, in behalf of the institution over which he presides. The Bishop's address was indeed an inspiration, to the white folks in attendance, as well as to his colored congregation. He introduced his subject by stating that he would talk to his people on a subject about which he knew they were thinking—that of "hard times and the depression." The address was one of the best we have listened to in a long time, and 'tis a pity all of the colored folks as well as more of our white people did not hear what he had to say. The occasion was the holding of the district conference. The Bishop presides over Texas, Louisiana, Mississippi and Alabama."

I, A. G. Favre, clerk of the Chancery Court and ex-officio clerk of the Board of Supervisors in and for the County and State aforesaid, do hereby certify that the above and foregoing transcript is a true and correct copy of an order of the Board of Supervisors passed and entered at their September Term 1932 as fully and completely as the same appears of record in Minute Book M on pages 581-583.

Given under my hand and seal of office in Bay St. Louis, Mississippi, this 26th day of September, A. D. 1932.

A. G. FAVRE, Clerk.

After spending four months in this city and registered at Hotel Weston, Mr. and Mrs. A. G. Spor will leave this Friday morning for New Orleans, where they reside during the winter. While here during the summer they renewed many of their former acquaintances and formed many new friends. Their departure is noted with regret.

The Herrman variety store, corner Main and Toulme streets, was sold during the week, L. B. Capdepon becoming purchaser of the business and which Mrs. Capdepon will continue. The store is well stocked with a variety of things needed every day, new and unusual goods and marked at a price to sell and not to stay in the store.

Attorney W. J. Gex left Sunday night on a professional trip to the East, stopping at Washington to visit his friend, Senator Pat Harrison and spending the major portion of his time in New York City, the objective of his trip. Mr. Gex is registered at the Park Central Hotel. Legal business will keep him from a week to ten days in the metropolis.

Mr. and Mrs. John Osoinach returned to Bay St. Louis a few days since from an interesting trip to California in which State they visited their son-in-law and daughter, Mr. and Mrs. A. G. Anderson at Sacramento. They were gone several months and enjoyed the delights of the Golden State, however, glad to be back home in Bay St. Louis.

Mr. and Mrs. Max E. Kohler and their two sons and their respective little families, after spending the summer at Kohler villa, enhanced every spring by the thousands of Easter lilies that grow to that extent of success seemingly wild, left during the week for their home in New Orleans, leaving reluctantly. Mr. Kohler and family are ardent boosters for Bay St. Louis and never fail to show their appreciation of the place.

Manager Chas. A. Breath is receiving many compliments on the new "front" to "Uncle Charlie's Nite Club" building, the work of an unusual artist. The building constructed of brick has been painted in a manner that simulates stones in their somewhat different color and with imitation cement lines painted. The building has not only a gala appearance, becoming to such places of amusement, but gives evidence of the artistry of the worker. During the Lenten season when the place will be closed, Mr. Breath plans renovation of the structure proper and will remodel to meet his planned intentions.

HOW MODERN WOMEN LOSE POUNDS OF FAT SWIFTLY — SAFELY

Gain Physical Vigor — Youthfulness With Clear Skin and Vivacious Eyes That Sparkle With Glorious Health

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast—cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar—in 4 weeks get on the scales and note how many pounds of fat have vanished.

Get a bottle of Kruschen Salts, the cost is trifling and it lasts 4 weeks. If even this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic—vigorously alive—your money, gladly returned.

But be sure for your health's sake that you ask for and get Kruschen Salts. Get them at any drugstore in the world.

WORK AND PLAY AT S. J. A.

ONE MONTH ALREADY.

It is hardly believable, but very true indeed! We have already come to the end of our first month.

The quick announcement of monthly tests with which we were greeted as we went from class to class this week made us realize this fact if we hadn't done so yet.

Reports follow next Monday, but for once we have no dread of them. Every girl seems to be taking her studying so earnestly this year and if things continue as they have started we'll soon reach June with flying colors.

SPORTS.

At present "Volley Ball" is the word at S. J. A. A net has been placed in the gym and every afternoon at three an interesting game is in process. Some of us are getting quite adept at the game and the ball is sent back and forth across the net for long stretches at a time. We're really wishing that someone would organize a Volley Ball Tournament in our section.

JUNIORS ELECT OFFICERS.

Behind closed doors in the favorite Latin Room, the Juniors held their first class meeting last week.

Lois Wolf and Celia Toledo held an even number of votes after two successive ballottings, when it was decided that the two girls should draw for president. The lot fell to Lois Wolf. Celia Toledo was elected secretary and Delia Lizana treasurer.

GULFCOAST SODALITY CONFERENCE.

The first meeting of the Gulf Coast Sodaloty Conference for the current year was held in the S. J. A. Gym, Wednesday, September 21, at 8:00 P. M.

Five Sodalities were represented at this meeting which was also attended by a majority of the members of the S. J. A. Sodaloty.

Our pastor, Very Rev. Father A. J. Gmelch, was present at this meeting and addressed the Sodalities. Brother Edmund submitted a Constitution to the Sodalists which he asked them to consider at their leisure in their individual units. A report on the Constitution will be asked of each Sodaloty at the next meeting of the Gulfcost Conference which will be held in Biloxi at the Sacred Heart Convent on October 19.

An interesting feature of this meeting was the telling by Brother Edmund of the doings of the National Sodaloty Convention which he attended this summer at Chicago.

SODALITY NEWS.

The Children of Mary of S. J. A. held their first meeting for this year on Thursday afternoon. The officers for 1932-1933 session, who had been elected at the last meeting of the Sodaloty held in May were introduced as follows:

Prefect—Evelyn Nix.
Secretary—Francis Scatide.
Treasurer—Catherine Scatide.
It was reported that during the three months of vacation, cards had

been sent to each Sodalist to remind her of the monthly Communion day. Every sodalist had also been reminded by means of cards of the Feast of the Assumption of the Blessed Virgin Mary. The number of communions received during the summer will be reported at the next meeting.

The number of committees into which the Sodaloty would resolve itself was debated at this meeting, and it was decided that the same four committees which operated last year would be continued during this session, namely—The Eucharistic, Mission, Publicity and Our Lady's Committee. Many were in favor of having a Social Committee and a Literature Committee but finally the majority agreed to let the work of these last named committees be added to the duties of the Publicity Committee. The chairman of each of these four committees will be nominated at the next meeting.

A JUNIOR INDULGES IN REMINISCENCES AND ANTICIPATION.

Rainy weather and nothing to do, so out comes my high school scrapbook. What a host of pleasant memories those over-crowded pages bring to me! The basketball games we've played. The exciting one particularly, that we won or lost by the narrow margin of a point or two. Sad memories come up also, the loss of the Gulf Coast Tournament, for instance. But I turn those pages quickly for surely we'll have better luck this year.

Then the Seniors' Halloween Party of two years ago, comes into view, followed by scraps and favors of last year's party. I did not know that such fun could be derived from a school party. Here I paused and thought of this year. Halloween is not so very far off. Our present Seniors will have a hard time surpassing the record of their predecessors in the line of parties, nevertheless, I know they will.

Plays—Just looking at the programs makes me quake for I think of how nervous I was before each of these many entertainments, even, if all I had to do was to pull the curtains or ring a bell.

On and on I turned the pages, till I reached the commencement of 1932 which marked the close of my last scholastic year. So many reminders of happy times had made me spend a pleasant hour and had filled me with the joyful anticipation of the happy events and delightful frohes which will no doubt, be ours during this current session at S. J. A.

Has this ever happened to you?

A young flapper named Jane, While walking was caught in the rain She ran—almost flew Her complexion did too, And she reached school exceedingly plain.
